

Flowbox table MODULAR I

The "MODULAR I" cleanroom workbench for laboratories and precision assembly with removable flow box allows you to create a customized workspace.

The "MODULAR I" table frame offers maximum flexibility with its functional, stable design and closed back and side panels. It is equipped with four hydraulic cylinders, each with a lifting capacity of 150 kg. These enable the entire table and all attachments to be lifted by simply extending the inner table legs.

Configure your "MODULAR I" workbench now to perfectly match your requirements.
