

Clone of MODULAR III - 140

MODULAR III – Fully Equipped, Electrically Height-Adjustable Goldsmith's Table

The jewelry-making table from the MODULAR III series impresses with its robust construction, high load capacity, and ergonomic working comfort. With a total lifting capacity of 400 kg and electric height adjustment of up to 400 mm, it offers optimal conditions for professional work.

This model, with a width of 1400 mm, comes fully preconfigured and extensively equipped.

A particular highlight is the soldering drawer with integrated flame protection and a practical tweezers pull-out, which combines safety and functionality in the workplace.

MODULAR III – powerful, ergonomic, and ready for immediate use.
